**YOUTH
SPORT
TRUST**

Schools must use the funding to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Please visit [gov.uk](https://www.gov.uk) for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. This document will help you to review your provision and to report your spend. DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend. Under the [Ofsted Schools Inspection Framework](#), inspectors will assess how effectively leaders use the Primary PE and Sport Premium and measure its impact on outcomes for pupils, and how effectively [governors](#) hold them to account for this.

Schools are required to [publish details](#) of how they spend this funding as well as on the impact it has on pupils' PE and sport participation and attainment. We recommend regularly updating the table and publishing it on your website as evidence of your ongoing review into how you are using the money to secure maximum, sustainable impact. To see an example of how to complete the table please click [HERE](#).

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your students now and why? Use the space below to reflect on previous spend, identify current need and priorities for the future.

Key achievements to date:	Areas for further improvement and baseline evidence of need:
<ul style="list-style-type: none"> <i>The adults around the school (as well as some of the parents) are good role models for the children.</i> <i>Forest School provision within the school has been run by the Green Light Trust. This is not sustainable due to cost, so Forest School is being set up within the school.</i> <i>Our residential trip in Kestrels goes to Kingswood at Cromer every alternate year. The aims of the trip are for children to work together when undertaking a range of activities that they may not have undertaken before, eg climbing. Financially this is unsustainable either for the school or parents as it means that their children have had residential trips for three years running. Instead, the Year 6 children will join with the Year 6 children from Long Melford, ensuring that the children's residential is a celebration at the end of KS2 and gives the children the chance to make friends with a larger group of children, some of whom will be attending the same secondary school as they are.</i> <i>Supporting children within our school who take part in National and European sporting events for their age group. This year we have a child who participates in martial arts and was a Junior Champion last year.</i> 	<ul style="list-style-type: none"> <i>To achieve the Sainsbury's Bronze Award for Sport. Baseline is that we have not achieved or taken part in the Sainsbury's sports awards.</i> <i>To develop 'physical activities' at lunch and playtime. This will make our lunchtimes more active.</i> <i>To develop our Forest School provision so that is sustainable for the school.</i> <i>To undertake swimming at Kingfisher Pool, Sudbury as our school pool remains closed.</i> <i>To implement our new PE Scheme of Work and to ensure that we have the appropriate resources in order to deliver it.</i>

Meeting national curriculum requirements for swimming and water safety	Please complete all of the below*:
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	67%
What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?	67%
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	67%
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	No

*Schools may wish to provide this information in April, just before the publication deadline.

Capture your intended annual spend against the 5 key indicators. Clarify the success criteria and evidence of impact that you intend to measure to evaluate for students today and for the future.
